

LIBERAL MINISTRY
NAMED IN SPAINSenor Moret Will Succeed
Maura as Premier.

DEMOCRATS WIN POINT

Will Placate Ferrerite Demon-
strations Abroad.

New Cabinet Formed to End Riff
Campaign, and Gen. Marina May
Be Replaced by Gen. Weyler.
Provinces Enthusiastic at Change.
Policy Will Be Conciliatory—Cabe-
lero to Manage Foreign Affairs.

Madrid, Oct. 21.—Senor Moret,
the Liberal leader, has achieved
the result at which he aimed in at-
tacking the Maura government, and
he appears to-night as the head of
a nearly completed cabinet of Mod-
erate Liberals.

In addition to the premiership,
Senor Moret will take the post of
minister of the interior, thus per-
sonally assuming control of demo-
cratic order and the task of pacify-
ing Barcelona and Morona.

Perez Cabellero Returns.

Perez Cabellero returns to the min-
istry of foreign affairs, where he pre-
sided in Senor Moret's cabinet in 1905.

Two other members of Senor Moret's
former cabinet will enter the new min-
istry, namely, Gen. de Luque as min-
ister of war, and Senor Caset, as min-
ister of commerce. Senor Alvarado will
be minister of finance, and Admiral Concas,
minister of marine. Senor del Campo will
be minister of justice, and Senor Ballester
will be minister of public instruction.

Although Senor Maura says publicly his
retirement was forced by the Democrats
and Liberals breaking relations with the
government and refusing to discuss bills,
it is stated by well informed persons that
his resignation was partly arranged with
the Liberals for the purpose of placating
foreign opinion, stopping the Ferrerite
demonstration abroad, and also with the
idea of giving a new turn to the Riff cam-
paign, which is arousing serious discom-
fort in Spain.

It will not be surprising if Gen. Ma-
rina, the Spanish commander in Morocco,
is soon recalled and replaced by Gen.
Weyler, as already rumored.

Conciliatory Policy Planned.

Senor Moret has absolutely made no
formal declaration of his policy, but he
tells inquirers that it will be conciliatory.
Although the new government's policy
will not in any case go the full length
of their views, it is announced the
Republicans and Democrats will support it.
This decision is based on their expectation
that the repression in Catalonia will
cease and the constitutional guarantees
be restored.

News comes from the provinces of en-
thusiastic rejoicings, with decorations
and bands, over the fall of the Maura
government.

THINK MORET WEAK.

Vatican Officials Confident Repub-
lican Support Will Be Ephemeral.

Rome, Oct. 21.—Although Vatican of-
ficials assert they are not affected a bit
in the change in the Spanish ministry,
there is no doubt that Senor Maura's fall
comes as a surprise and disappointment.

They, however, are confident that Senor
Moret will not stand long, because all
Catholics are against him, while Repub-
lican support certainly will be ephemeral.

Plan Protest Meeting.

New York, Oct. 21.—The International
Aid Conference, which is getting up the
protests against the execution of Fran-
cisco Ferrer, the Barcelona agitator, an-
nounced to-night there would be a de-
monstration here on Saturday night of this
week.

Servian Cabinet Resigns.

Belgrade, Oct. 21.—The Servian cabinet
has resigned. There has been considerable
unrest in Servia of late, and the down-
fall of King Peter's dynasty has been
repeatedly predicted. Less than a
month ago a widespread plot against the
lives of King Peter of Servia and Prince
Nicholas of Montenegro was uncovered.

McCARREN GROWS WORSE.

Physicians Lose Hope for Senator's
Recovery After Consultation.

New York, Oct. 21.—Senator Patrick H.
McCarren's condition to-night was much
worse, and his physicians were evidently
greatly depressed by the turn events had
taken. Dr. Peter Hughes, the senator's
personal physician, was with him for
an hour and a half, in the evening, leav-
ing the hospital a little before 11 o'clock.

Dr. Hughes at that time said the sena-
tor was in a grave state. "His heart and
stomach are very bad," Dr. Hughes con-
tinued, "and in no way does he show any
signs of improvement. He refuses all
nourishment, and shows a marked lack
of vitality."

Dr. Hughes added the patient seemed
to realize his condition and to have lost
all the spirit with which, after regaining
consciousness from the operation, he be-
gan the fight for his own recovery.

A consultation of physicians was held
this evening and lasted for three-quarters
of an hour. At its conclusion, Dr. Hughes
said:

"We are very much discouraged."

"Tax Pay" Arrives.

New York, Oct. 21.—To raise funds to
fight the Unionists at the coming elec-
tion, T. P. O'Connor, M. P., of Liver-
pool, one of the chief lieutenants of John
E. Redmond, chairman of the Irish par-
liamentary party, has arrived here on
the Lusitania.

CLAIMED BY DEATH.

MARTIN N. JOHNSON,
United States Senator from North Dakota.SENATOR JOHNSON
SUDDENLY EXPIRESNorth Dakota Solon Victim
of Bright's Disease.

POLITICAL SITUATION CHAOTIC

Gov. Burke Will Name a Democrat
to Fill Vacancy in the Senate—De-
ceased Statesman Was Fifty-eight
Years of Age, and Took His Seat
in Senate on March 4 Last.

Special to The Washington Herald.

Fargo, N. Dak., Oct. 21.—United States
Senator M. N. Johnson, of North Dakota,
died at a hotel in this city to-night of
acute Bright's disease.

He had been here a short time for
treatment, and the disease developed rap-
idly following a slight nasal operation.

He was to have left in a day or two to
join the Taft party in the South and com-
plete the remainder of the trip to Wash-
ington from New Orleans.

Recently Elected to Senate.

Mr. Johnson was elected to the Senate
by the last legislature, having been one
of two high men in the primaries last
June and winning out in November over
T. F. Marshall. He took his seat on
March 4.

Johnson's death leaves the political sit-
uation in North Dakota in an extremely
chaotic condition. As McCumber comes
up for re-election before the next pri-
maries, this will necessitate the election of
two Senators by the legislature.

As Gov. Burke is a Democrat, he will in
the meantime select a man of his party
to fill the vacancy, and North Dakota for
the first time since Roach's term will have
a Democrat in the Senate.

Representative Gronna, from the same
county as Johnson, will now enter the
Senate race for the short term. Ex-
Representative Marshall is already in the
race against McCumber for the long term.

Former Senator Hansbrough, now in
Washington, will also undoubtedly return
to the State and engage in the Senatorial
contest. New men will develop.

Senator Johnson was fifty-eight years
old. He was born in Wisconsin.
Senator Johnson came to Washington
as a member of the National Legislature
for the first time during the last session
of the Fifty-second Congress. He served
on the Ways and Means Committee dur-
ing the Fifty-fourth and Fifty-fifth terms
of Congress, while Mr. Dingley, origina-
tor of the famous Dingley tariff, was
chairman.

DROWNED BY BURSTING DAM.

Lake Supplying Turkish Capital
With Water Breaks Its Bounds.

Constantinople, Turkey, Oct. 21.—Twenty-
five persons were drowned to-day fol-
lowing the bursting of a dam at Lake
Duzkosi, thirty miles northwest of this
city.

The lake supplies water for the capital.

OPOSSUM CHEWS UP MAIL.

Practical Jokers in Danger of Your
Uncle Samuel's Wrath.

Leesville, La., Oct. 21.—Some nights ago
a party of young people of this city went
on an opossum hunt, capturing several
of the animals. Some time during the
same night some one placed an opossum
in the package apartment of the post-
office, addressed to President Taft. It
was found next morning by the postmas-
ter, after the animal had chewed up and
destroyed all the mail in the box.

The matter has been reported to the
postal authorities, and what was started
as a practical joke may result in serious
trouble to the perpetrators.

RICHARD CROKER COMING.

Former Tammany Leader Will Be
on Hand at Election.

London, Oct. 21.—Richard Croker, for-
mer leader of Tammany Hall, will sail
Saturday on the Mauretania for a pro-
tracted visit in New York City. Mr. Cro-
ker will spend part of the winter at his
bungalow in Palm Beach, Fla.

Mr. Croker will therefore be in New
York City fully a week before election
day, and there is considerable speculation
as to his significance.

Bleriot Complaint Hangs Fire.

Berlin, Oct. 21.—Action by the German
Flying Society on the complaint of Bleriot,
the aviator, has been postponed until
November 3. Bleriot's machine was
seized on September 23, for an alleged
breach of contract. The aviator protested
against the seizure and the society has
been dilly-dallying over it ever since.

Resumes His Trip To-day.

Gregory, Tex., Oct. 21.—Presi-
dent Taft shook hands with the en-
tire town of Taft and delivered a
speech in the Taft schoolhouse this
afternoon. It wasn't much of an
ordeal, this handshaking with an
entire town, for Taft has a popu-
lation of only about 300.

The town is on the C. P. Taft
ranch, and the eight-mile drive
which the President took to it was
over his brother's estate for the en-
tire distance. Taft is one of the
few towns that went Republican
unanimously in the national cam-
paign, and for this reason, and be-
cause it is named in honor of his
brother, the President favored it
with a speech.

Taft Gets Ice Cream.

Before he got to the speechmaking,
however, Taft had shown him how a
steam plow worked, had shown him the
town dairy, and treated him to a big
dish of vanilla ice cream and a glass of
buttermilk, and had escorted him to the
town's abattoir and the packing-house.
The town was undecided whether the
President would like to see the slaugh-
ter house in full operation or not, but
after a discussion, they came to the
conclusion that the abattoir ought to be kept
tight while the President was there. The
foreman argued that if they slaughtered
a steer while the President was there, it
would muss the place all up.

Charles P. Taft, his wife, and their
daughter, Miss Louise, accompanied the
President on his visit to Taft.

Charles P. Taft introduced the Presi-
dent, and said:

"The President and I have had many
a discussion as to ranches in Texas. We
discussed this one often and I wanted
to bring him down and convince him that
this one was not a myth. When he sug-
gested going to Seattle I told him he
must bring his route around into Texas
and that he must come to Gregory and
Taft and convince himself."

"I have heard of this ranch for a good
many years," said the President. "I
heard of it first from David Sinton, Mrs.
Taft's father, who offered me the job
once, if I couldn't make a better
living, of coming down on this ranch
and naming the calves. It seemed to be

Fighting Lasts All Day on Frontier
in Serres District.

London, Oct. 21.—The Constantinople
correspondent of the Telegraph reports a
lively fight between Turkish and Bulgar-
ian soldiers on the frontier in the Serres
district.

The squabble arose over the arrest of
four Bulgarian shepherds by Turks and
the latter's refusal to release them. The
Bulgarian soldiers then fired on the
Turks. The fight lasted all day.

can be arrived at by which the whole of

Boston Customs Official Declines

Boston, Oct. 21.—George H. Lyman,
collector of the port of Boston, during

that he will not accept reappointment
because of personal reasons.

President Taft recently told Senators
Crane and Lodge of his intention to re-
appoint Mr. Lyman. The Massachusetts
Senators will recommend the appoint-
ment of Assistant United States Treas-
urer Edwin U. Curtis to be collector and
Col. George H. Doty to succeed Mr. Curtis.

San Francisco, Oct. 21.—Fifty thousand
persons were in line in the great indus-

by more than 1,000,000 people.

The features of the parade were the
Chinese and Japanese divisions, a mon-
ster American flag, which was brought
from New York after service in the
Hudson-Fulton celebration, and fifty-
three great floats, representing the his-
tory and industries of California.

SINGER TO BECOME CATHOLIC.

Mary Garden Is Also Willing to
Expatriate Herself.

Paris, Oct. 21.—Mary Garden, the singer,
has been explaining to an interviewer the
origin of the report that she would enter
a convent. She said she had found Protes-
tantism too cold. Its ceremonies fail to
warm the heart. She intends to become a
Catholic.

Protestantism, however, is not the only
thing that has lost its charm for her.

Her coming return to America saddens
her. She now loves France alone. Amer-
ica she compares with an immense rail-
way station, not a country. America is
a place where everything is business and
money.

DR. MASON IN AUTO WRECK.

Well-known Physician Injured in
Collision with Car.

Dr. W. B. Mason, of 1219 Connecticut
avenue, had a narrow escape from being
killed shortly before 3 o'clock yesterday
afternoon, when a southbound electric
car on the Chevy Chase line collided with
his motor vehicle.

Dr. Mason, one of the best known of
the younger set of Washington physi-
cians, had no bones broken, although
he was badly bruised. The motorman
told the police he endeavored to throw
on the emergency brakes when it was
seen a collision would take place. These
failed to work, he said.

Dr. Mason was placed in the automobile
of a friend and taken to his apartments.
Physicians were called and an examina-
tion showed that no bones were broken,
and that the internal injuries, if any,
were not likely to be of a serious na-
ture.

He was compelled to go to his bed
immediately after being taken to his
apartments. Last night the services of
two physicians were given. A statement
was issued to the effect that Dr. Mason
had rested comfortably, and would soon
recover.

The accident occurred at the intersec-
tion of Calvert street and Connecticut
avenue. Coming down Calvert street at
a rapid clip, Dr. Mason failed to see the
oncoming car. At Connecticut avenue
the automobile passed on to the street
car tracks, and in front of the electric
vehicle. Whether he realized the dan-
ger, or realizing the closeness of the
speeding street car, he endeavored to get
his machine out of the danger zone, is
not known.

The automobile was wrecked, and the
fender of the street car twisted.

Attorney General Declines Coroner
Has No Jurisdiction.

Danville, Ill., Oct. 21.—That the Soldiers'
Home here is a military reservation over
which the State and county authorities
have no control, and that the residents
thereof who were not, prior to their
admittance to the home, legal citizens,
are not to be considered citizens of the
Commonwealth of Illinois, is the gist of
an opinion sent to States Attorney Lew-
man to-day, by Attorney General W. H.
Stead, of Springfield.

The opinion was the result of a dis-
pute between the governor of the home,
and the coroner, as to whether the lat-
ter could conduct an inquest on govern-
ment property.

BIG GIFT FOR PRINCETON.

William C. Proctor Gives \$500,000
for New Graduate School.

Princeton, N. J., Oct. 21.—The trustees
of Princeton University to-day announced
that William Cooper Proctor's gift of
\$500,000 for the new graduate school had
been accepted. Mr. Proctor, who is a
Cincinnati man, made the offer last
spring with the proviso that an equal
sum be raised for the school by May,
1910, and that the buildings of the school
should not be located near Prospect, the
president's house, which would place
them in a central part of the university
campus.

As this second provision was at var-

architects, a good deal of discussion
arose which was settled by the decision
of the trustees to-day.

NICARAGUAN REVOLT GROWS

Recruits Swell Revolutionary Forces
and Zelaya Is Not Feared.

Bluefields, Nicaragua, via Wireless to
Colon, Oct. 21.—Gen. Fornos Diaz, with
a body of picked rifle shots, left here
yesterday to reconnoiter his way to the
interior, by way of Rama. Recruits are
gradually joining his forces, and no dan-
ger is feared along the Atlantic coast
from Zelaya, the deposed President.

Gen. Luis Mena left to-night for Mon-
key Point, at the head of a detachment
which is to re-enforce Chamorro and
the party of Gen. Fornos Diaz in the
vicinity of Chontales. The revolutionary
party has among its members many
prominent and able leaders, while Zelaya
appears to have no able followers.

It is not believed the revolt will last
more than three weeks.

The agent of the revolutionists at
Washington has notified Gen. Estrada
that American recognition of the new
order of things will soon be forthcoming.

Gen. Reyes has been appointed second
in command of the revolutionary forces.
The rebel forces possess Prinzapula, and
the great mining district, where there
are large American mining interests.

Philadelphia, Oct. 21.—Miss Villet

balloon Philadelphia II, the property of
the Philadelphia Aeronautical Society.

Miss Ridgeway is the first woman mem-
ber of the Philadelphia society to make
an ascension.

About 6 o'clock to-night a telephone
message was received from Miss Ridgeway
stating that the party had landed in
New York State. The message came
from the town of Woodstock.

CORONER UNABLE
TO FIX THE BLAMEGrand Jury Will Inquire Into
Mrs. Hubbard's Death.

TESTIMONY IS CONFUSING

Contradictions by Witnesses on
Details of Accident.

District Attorney Baker, It Is Under-
stood, Will To-day Start an Inves-
tigation to Ascertain Who Is Re-
sponsible for the Tragic Accident
of Wednesday Night—Funeral Ar-
rangements Not Yet Made.

After listening to testimony for
more than six hours and then de-
liberating for more than two hours
yesterday, the coroner's jury im-
paneled to fix the responsibility
for the death of Mrs. Gertrude
Hubbard, widow of Gardiner G.
Hubbard, the noted geographer
and philanthropist, informed Deputy
Coroner Glazebrook last night
they could not reach any agree-
ment.

Mrs. Hubbard was killed Wed-
nesday night in a collision between
her automobile and a Capital
Traction Company trolley car in
Connecticut avenue extended, as
she was returning from a call paid
to a relative. With her in the au-
tomobile at the time was her sis-
ter, Mrs. Charles Mercer Marsh,
of New York. Mrs. Marsh was
badly shaken up, but otherwise un-
injured.

The failure of the coroner's jury
to arrive at any conclusion fixing
responsibility puts the matter be-
fore the grand jury, which is now
in session. Deputy Coroner Glaze-
brook will to-day place the facts in
the possession of District Attorney
Baker, and it is understood the lat-
ter will at once start an investiga-
tion. Meanwhile, Samuel C. Wiley,
the youthful motorman, and Claude
M. Havenner, the conductor, have
been paroled in the custody of the
attorneys for the traction company.

Testimony Contradictory.

Axel Nelson, Mrs. Hubbard's chauffeur,
and the motorman and conductor con-
tradicted each other in their testimony be-
fore the coroner's jury. The chauffeur
said that when he started the automobile
from the Fairchild residence, where Mrs.
Hubbard and Mrs. Marsh had called,
Mrs. Hubbard told him to go slowly. He
said he followed her instructions, and
when the machine was struck by the trol-
ley car he was going at a speed of about
ten miles. He said he took notice of the
repaired portion of the road where the

RAILROAD RECORDS BURNED.

Fire in Cincinnati Central Union
Station Causes \$50,000 Loss.

Cincinnati, Oct. 21.—A fire in the Cen-
tral Union Station here to-night resulted
in a loss estimated at \$50,000. The loss
to the building itself is comparatively
small, but many valuable records of the
Big Four and Baltimore and Ohio rail-
roads were destroyed.

A station watchman claims the fire was
started by cigarette stumps which he
charged the clerks have been in the
habit of throwing in waste paper bas-
kets. Clerks who were working in the
building say crossed electric wires caused
the fire.

in His Home.

Honolulu, Oct. 21.—A Japanese servant
girl in Judge Lindsay's household was
murdered to-day by her Japanese lover,
named Tanaka, while the judge made
a fruitless effort to save her life.

The judge heard his servant cry out
that she was being murdered. He broke
down a locked door into an adjoining
room, where he found the girl with her
throat cut.

The murderer then cut his own throat.
